Mat Creedon

BIO

For the past 31 years I have had the absolute pleasure of providing so many different music services, both locally and abroad.

It's a great honour to be able to provide entertainment as an Artist, Composer, Singer-Songwriter, Producer, Multi-Instrumentalist, Mixing, Mastering Engineer, Music Teacher and Sound Therapist.

It's a continual joy to release music under the name Mat Creedon, The Ribbon Device and Periscope.

To help local and international independent artists as a Producer and audio engineer.

And offer my compositions to story tellers in the film industry.

I feel blessed to be able to share my knowledge with music students through the Mat Creedon School of Music.

I love sharing my passion of music, through teaching the many instruments I've been so fortunate to learn over the years.

It's a joy to be able to jump from the guitar, bass, drums, violin, piano, theremin, mandolin, banjo, ukulele, sitar and voice throughout my day.

It is so wonderful to be able to take an idea out of thin air and by the end of the day, have it ready to share with the world.
